DESCRIPTORS Dropout Research; *Dropouts; Graduate Surveys; *High School Graduates; Longitudinal Studies; Outcomes of Education; Secondary Education; Secondary School Students; State Surveys; Trend Analysis

ABSTRACT

This document contains data regarding the secondary school dropouts (grades 7-12) from Iowa's public schools and the primary status of Iowa's 1990 public high school graduates one year after graduation. Data is presented in the form of charts, graphs, and tables. Data on dropouts is presented in these categories: sex; grade distribution; K-12 enrollment categories; merged areas; and counties. A 22-year composite of dropout data is included. In the graduate follow-up data state totals are presented with data presented in the categories of size code and merged area. A 22-year composite for this data is also provided. (ABL)

It is the policy of the Iowa Department of Education not to discriminate on the basis of race, religion, national origin, sex, age, or disability.

The Department provides civil rights technical assistance to public school districts, nonpublic schools, area education agencies, and community colleges to help them eliminate discrimination in their educational programs, activities, or employment. For assistance, contact the Bureau of School Administration and Accreditation, Iowa Department of Education.

Dear Friends:

This publication contains:

1) The secondary school dropouts (grades 7-12) from Iowa's public schools for fiscal year 1991 by state, size category, merged area, and county.

The historical composite of dropout data has been recalculated to conform to new uniform policies and procedures that are being implemented by The National Center for Education Statistics. The dropout rate is calculated from the BEDS enrollment data rather than from the Certified Annual Financial Report enrollment data.

2) The primary status of Iowa's 1990 public high school graduates one year after graduation by state, size code, and merged area.

These data are collected annually via the Iowa Department of Education's end of year Non-Fiscal Survey.

This graduate and dropout data collection is an ongoing effort of Guidance Services of the Department of Education. A significant responsibility of such an effort is to meaningfully communicate results to potential users. This publication, though limited in scope and sophistication, fulfills in part that obligation.

Guidance Services again expresses its appreciation to Iowa's public school administrators and counselors for it is only with their cooperation that we are able to make these data available. Further, an expression of gratitude goes to the Communications Services Section and the Bureau of Planning, Research, and Evaluation Services of the Department of Education for their assistance in this effort.

Sincerely yours,

William L. Lepley, Ed.D.
Director
